J. & C. MAURY, Agents, Alexandria, Va. over, to all who order WESTERN MILITARY INSTITUTE. BLUE LICK SPRINGS, KY., June 21, 1850.

To his excellency, J. J. CHITTENDEN: To his excellency, J. J. CHITTENDEN:

Siz: The undersigned, visiters appointed by your excellency to attend the annual examination of the cadets of the Western Military Institute, under the general superintendence of Colonel Thornton F. Johnson, commencing on the 17th and ending on the 21st instant, have performed the duty assigned them; and have the honor, respectfully, to submit the following brief report of their labor and observation:

Since the removal of the Institute from George-town to Blue Lick Springs, one hundred and sixty-seven cadets, representing seventeen States and one Territory, have matriculated, of whom seventeen are absent on leave, thirteen have been honorably discharged, seven have been dismissed, and one hundred and thirty-three were in attendance at the slose of the session.

hundred and thirty-three were in attendance at the slose of the session.

The undersigned attended the examination and exercises of the sections and classes as they were brought before their appropriate Professor, the Fasulty and spectators, in whose presence they were tho, oughly and elaborately examined in their course of academic studies, and it is with no ordinary de, ree of pleasure the Board bear testimony to the pron-ph and correct answers given by the Cadets to the questions propounded by the Faculty and others present, thus affording the best evidence that they are we.! and thoroughly taught in their respective departments.

respective departments.

The text-books used and the course of instruction The text-books used and the transport advised, al-adopted at the Institute are, as we are advised, al-most identical with those of the United States Milimost identical with those of the Unite. To which, instruction in the ancient languages is given, which may be considered a fair average of the course of study of the colleges of the United States; and as three members of the Faculty were educated at that school, and the others are graduates of colleges of high distinction and well qualified to teach in their respective departments, the Board can see no reason why a complete and thorough education cannot be obtained at the Western Military Institute.

The Cadets are instructed in military science, not so much with a view of qualifying them for the army as of promoting physical development, by healthful exercise, good habits, subordination, and discipline, and to employ leisure hours, which might be otherwise devoted to coarse anusements, or be idly and uselessly thrown away. But military exercises are never permitted to interfere with the academic studies of the Cadet.

idly and uselessly thrown away. But military exercises are never permitted to interfere with the academic studies of the Cadet.

The Hoard of Visiters have carefully inspected the quarters of the Cadets, and find them neat and comfortable, the police good, and such as in every respect to merit their entire approbation; and from personal examination, and all the information which they have been able to obtain, they have found the lare prepared for the Cadets to be clean, wholesceme, and abundant. They also deemed it their duty to examine the arms, and found them in such admirable condition that the handling would not soil a white glove.

such admirable condition that the handling would not soil a white glove.

In concluding this report, the Board of Visiters beg leave to add, that the location of the institute at the Blue Lick Springs is so well and favorably known, not only in the Western States, but in the entire Mississippi valley, that it would be useless to not forth its advantages, and commend it to public to vor on that ground. But they are unwilling to withhold an expression of their unqualified approbation. It desprises the good order, police, and the first entire confidence in the high Institute, and their entire confidence in the high Institute, and the general and joint Superintendent and corps of P. Tessors to command and teach in their respective descriptions, and In these real in their respective descriptions. ent and corps of P. of essors to command and teach in their respective determinents; and for these reasons they commend it to public favor and patrons bey commend it to public favor and patrons P. BLACKWOOD'S MAGAZINE

BLACKWOOD'S MAGAZINE
And the British Quarterly Reviews.

PREMIUMS TO NEW SUBSCRIBERS!

O WING to the late revolutions and counter revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet." the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle gr. and between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treatises to be furnished by the historian at a future day. The American Publishers, therefore, deem it proper to call renewed attention to these Periodicals, and the very low prices at which they are offered to subscribers. The following is their list, viz:

THE LONDON QUARTERLY REVIEW,

THE LONDON QUARTERLY REVIEW,
THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, and
BLACKWOOD'S EDINBURGH MAGAZINE.

BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderately, though clearly and firmly expressed, of the three great parties in England—Tory, Whig, and Radical. "Blackwood" and the "London Quarterly" are Tory; the "Edinburgh Review," Whig, and the "Westminster Review," Liberal. The "North British Review" owes its establishment to the last great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge; it was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "West minster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being, in fact, a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage by this combination of uniting in one work the best features of both as heretofore issued.

issued.

The above periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals, Blackwood's Magazine being an exact fac-simile of the Edin-

CIRCULAR. THE UNDERSIGNED proposes to publish a political Weekly paper in the German language, in the City of Washington, in support of the principles by which the Administration of General Taylor came into power, and being desirous to obtain the aid and co-operation of the Whig party, he would respectfully state the reasons which, in his estimation, make it desirable and necessary that such a paper should be established at the sea of Government.

of Government.

1. The number of those who use the German lan

1. The number of those who use the German language as their medium of intercourse is upwards of Three Millions, and this number is constantly increasing by immigration.

2. The name of Democrats being the appellation of the liberal or popular party of Germany, to which all the inmigrants before their emigration belonged, they do, of course, range themselves with the party bearing that appellation in this country, as soon as they are able to exercise the elective franchise; and the more so, as the country teems with Democratic papers in the German language, whose particular object and anxiety it is to use this misappellation to the best advantage.

3. Although there are a few Whig papers in the country, they bear principally a local character, and, relying for their support more on local patronage than on their subscription lists, they do generally stand or fall with the success or defeat of the Whig party in their particular section.

4. The Germans, however, being an intelligent and reading people, are accessible to sound argument, and a paper conducted with uprightness, and speaking the plais truth, will be able, by degrees, to overcome prejudices, correct errors and misapprehensions, and by its own direct influence, as

speaking the plain truth, will be able, by degrees, to overcome prejudices, correct errors and misapprehensions, and by its own direct influence, as well as by its influence upon the local Whig papers, now in existence, will, it is hoped, produce the desired effect, and gain the reflecting and thinking, that is the influential, portion of the German citizens, over to the Whig ranks.

5. The undersigned is well aware that he has many and serious obstacles to overcome, but relying upon the power of truth and the co-operation of the Whig party, on account of the intrinsic merits of his enterprise, does not fear to be charged with entertaining too sanguine hopes, if he anticipates a satisfactory result.

FREDERICK SCHMIDT.

RECOMMENDATION.—The Whig State Central Committee of Massachusetts, being satisfied that a German newer sper, to be published at Washington, as proposes, by Mr. Farderick Schmidt, with be of great importance and benefit to the Whig party and the country, cheerfully and earnestly recommend to the Whigs every where to subscribe for such paper.
